PORK PICKIN'S Appomattox Pork Producers

Meat Production soars to new highs for the year and prices begin to skid once again. For example, during the week ending July 13th, 349,000 more head of hogs were slaughtered than in the previous week and this produced 57.7 million pounds of extra pork. Slaughter weights continue to average over 25 pounds above optimum weights. The extra 25 pounds per hog represent 45,000 hogs that will not be needed for slaughter. And so it appears that many producers are becoming their own worst enemies. Producers that are losing money on 200 pound hogs can't possibly make money on a 245 pound one. So you be the judge!

Prices at the Piedmont Tele-Auction Sale at Farmville on Monday were as follows:

#1 & 2's	$36.50
#3's	$35.50
Sows	$23.75 to $26.50
Boars	$23.00

(all per hundredweight)

Thus prices were lower than last sale.

The Hog Corn Ratio at Richmond was 11.58 about a whole point to a point and one-half lower than the previous week.

The First Annual Piedmont Mkt. Hog on Trade Show will be held in Farmville on Sept. 19th and catalogs will be available in the near future from Earl T. Pickett, Pamplin, Va. 248-6581; Henry Wood, Jr., New Canton, Va. 581-3825; or John L. Wilson, Appomattox, Va. 352-3761.

Let's get those hogs ready and bring some of that prize money to Appomattox County.

FOOD SHOPPER

Now that open dating is used on so many packages consumers are able to use them to judge the storage time for different items. But, is this date the sole indicator of "freshness"?

Freshness can depend on many factors such as sanitation standards, packaging and processing methods and storage conditions. Take for example, fresh meats, their freshness is subjected to many variables including heat, light and air, all of which will affect the freshness and shorten the keeping life.

Various processing methods can make a perishable product much more tolerant to variations in temperature during handling. Canned meats can be found on shelves with other grocery items with the exception of canned hams, which must be refrigerated.

Another method of preserving freshness is by freezing. In the future the possibility of fresh meats sold frozen looms ahead. Any of the fresh meat cuts could be pre-packages and sold frozen, if consumers would buy them.

Most fresh meats are found in the refrigerated meat case. It's up to the individual store to control the temperature of this case to 40 degrees or colder. Also, the store lighting and design of meat case influence how well the meat will keep.

After you purchase a meat item it's up to you to continue proper storage. In general,larger meat cuts keep longer. Remember that ground meats are much more perishable due to a greater amount of surface and being exposed to air and light.

Wreck Island Extension Homemakers Club

The Wreck Island Extension Homemakers Club held its monthly meeting in the afternoon of July 17th at 1:30 p.m. in the home of Mrs. Louise Lawson who served as hostess.

There were ten members in attendance.

Devotions were given by Mrs. V. A. Staten reading from James 3 - 13th through 18th verses, with a reading entitled "True Understanding of Life," and Prayer.

Mrs. V. A. Staten, president, presided at the business meeting. She announced the following events and urged participation by the members.

On July 23 from 10:00 a.m. to 3:00 p.m. there will be a Home Canning and Freezing Workshop at the Southside Electric Cooperative Annex in Crewe, Va. Miss Jo Anne Barton, Extension Specialist from V. P. I. and SU will be Extension Specialist from VPI and SU will be demonstrating the proper methods to use in canning and freezing.

Mrs. Ruth Carson, our Federation Program Chairman presented a program on "The Door to Door Selling Law." She distributed leaflets to members on "How to Cancel a Agreement," and who to contact if you have difficulty in cancelling a contract. You may contact office of Consumer Affairs, Department of Agriculture and Commerce, P.O. Box 1163, Richmond, Va. 23219.

For the demonstration, "Making the Most of Myself as a Person," was given by Mrs. Harvie Thomas. Safety tips were given for the use of cosmetics.

Members repeated the Homemakers Creed after which a social hour was held and the hostess served delicious refreshments.

For our August meeting, members an their families will attend their annual family night dinner to be held at the Parkway Restaurant on August 16th at 6:30 p.m.

Mrs. Tilden Lee
Secretary

It is so important that you store meat at temperatures close to freezing between 32 degrees and 40 degrees. Incidentally, holding tests have shown that for every 10 degrees rise in temperature during holding, storage life will be cut in half.

Fresh meats should be unwrapped, the cardboard absorbs odors; butcher paper insulates and slows cooling. Then, wrap loosely.

A final inspection is necessary before buying meat and even before eating it. First evidence of spoilage will be on the surface, but use your senses as a guideline-look, smell and taste are good rules to follow.

The responsibility for freshness is shared between the manufacturer, retailer and you, the consumer. Are you following the proper procedures on your end?

Picnic Birthday Celebration

A picnic birthday celebration was held on July 21, 1974 for Mrs. John Miller Lucado, Sr, 73 years old, at her home at Oakville.

Hosts and hostesses for the occasion were the children.

In Memoriam

In memory of A. L. (Bill) Bartlett, who passed away, one year ago, July 24, 1973.
LOVING MEMORIES
Your gentle face and patient smile
With sadness we recall
You had a kindly word for each
And died beloved by all.
The voice is mute and stilled the heart
That loved us well and true,
Ah, bitter was the trial to part
From one so good as you.
You are not forgotten loved one
Nor will you ever be,
As long as life and memory last
We will remember thee.
We miss you now, our hearts are sore,
As time goes by we miss you more,
Your loving smile, your gentle face,
No one can fill your vacant place,
By his wife and daughter
